If you love your country and want to see the current slide into a terrorist state, you need to read - 'How To Save America' see - "RealDemocracyInAmerica.com" don't let the current media and administration fool you. They are all in league with the devil. I prove it in this book. You need to know the truth. They are out to destroy America and everything that it stands for and stood for. The proof is in what they do and don't do. Not in their fancy speeches. Proof is that after our government has spent over two trillion dollars that future generations will be forced to pay, after wasting over 10,000 American troops, and more than 100,000 in permanent disfigurement - our current President states publicly that "We do not have a strategy yet to fight the terrorists".

Our government spies on us again wasting billions of dollars that we don't have, and therefore have borrowed from the Chinese and other foreign governments and that future generations will have to pay back to the Chinese and other foreigners as well as the wealthy on Wall Street. Yet, the terrorists have grown from 19 deceased hijackers of 9/11 to over 50,000 Well-Armed and well-trained fighters who now make two million dollars a day from their OIL possessions and who now own most of this country's most lethal and top-secret weaponry. So, how did all this spying on us work out for us? It only helped our enemies while they take away our freedoms. This can only mean they want so see them thrive even more until they start cutting off all our heads.

Wake Up America - This album of ebooks are essential to our survival. You must download them and support the ideas contained therein and help to tell the world about them or everything is lost. If you want to learn how to survive this worst economy in the nation's history brought to you by both the Democratic and Republican parties, over-spending and over-warring then, you should get these books and start telling your friends about them too. If we're going to survive as a nation - we have to support the truly RADICAL thinkers like the author who is on a mission from God! Just kidding. But not really. We should all have this kind of zeal and maybe the world would be a better place. I don't know - but you do. You have all of the answers in your head. It's called "The wisdom of the crowd". Being part of the crowd, you are far wiser than the numbskulls in Washington D.C. with all of their over-paid advisors and all of their PH.Ds. You know what Ph.D stands for? Doctor of Phoolishness.
