Emily Vega must avenge her father, and as the last of the Hell Hunters, she has one mission: destroy the Galena pack. Werewolves are carefully camouflaged monsters intent on taking over the world—or at least that's what she's been taught—but one meeting with the werewolf she's hunting, and Chance Dawson is changing her mind, little by little. He is caring, protective, and sexy as hell, and the more she gets to know him, the more she thinks all of her Hell Hunter training has been a lie.

What if werewolves aren't the bad guys? What if she's the monster?

Chance knows he's being hunted. What he can't figure out is why the alluring new woman in town has her sights set on him. He'll draw her in close, but just to show her she's wrong about him. But when that dangerous siren starts calling to his wolf, he knows he's in over his head. And if his alpha, Link, finds out what Emily is doing in Galena, he'll destroy her. Pulled between his loyalty to the pack and the woman he's falling for, Chance will have to protect her from all sides, because as it turns out...Emily isn't the only one on the hunt.

Content Warning: Explicit love scenes, naughty language, and piles of sexy shifter secrets. Intended for mature audiences.
