L. Frank Baum's novel *The Wizard of Oz* had by 2005 spawned 39 official sequels, more than 100 unofficial sequels, nearly 40 films, several television series, music videos, commercials, computer games, radio shows and more. It has received a number of different interpretations: an African-American slant, a Turkish low-budget fantasy, Japanese anime, and American pornography, among others. This book provides synopses and basic bibliographical information for the forty Oz books in the original series and a number of related books by the Royal Historians of Oz; synopses and credits for live performances (videos and made-for-television performances are included here) based on the Oz books and on Baum's non-Oz fantasies; comic book and comic strip adaptations of Oz; synopses and credits for radio shows and dramatic performances on audiobook or vinyl records; synopses and credits for theatrical films and shorts; documentaries and educational films; synopses and credits for television series and episodes based on Oz; video and computer games; useful websites; and short scenes on television or in movies that have an Oz element.
