Sex is the universal language of love and there's no denying it- it's everyone's favorite hobby :) There's something magical about kissing, foreplay and the leading up to sex that turns our brains into mush and makes us come back for more. Forget the dinner, movie and the chilly walk home- we want sex on a stick- sex during the trailers, sex at the park or in the car.... sex and lots of it!

It's no doubt that as fun as sex can be with a spouse; a long time lover or even just a fling, it's important to brush up on our skills every once in a while. Yes, it is very important to keep the spice of life alive and what better way to do this than through acquiring a new set of skills in the bedroom? Or elsewhere, if that's your thing.

Think of it this way, if our phones can be updated every once in a while, why can't we? Change is fun and exciting especially when it involves deep penetration and louder orgasms!

Many couples will tell you that they enjoy a change in routine every once in a while and that experimenting with different positions never hurt anyone. Unless of course, you're trying out the helicopter (imagine: propellers). But most of the time, sticking to the basics rather than getting tangled in complicated pretzel like positions still manages to do the trick. But included are many more complicated sex positions that you can try if the mood strikes!

Inside, we will be discussing the different sex positions ensured to cause a wildfire in the bedroom. From the classics, to the modern moves of today and even the Kama Sutra - this list of sex positions is bound to make you race home to try them out!

Sex is a thing that was created to be shared and enjoyed so don't be afraid to try new things! When you learn to appreciate the art and enjoy sex for all that it is, different sex positions will come naturally and can be enjoyed to their maximum potential.
