**In the battle of duty versus desire, only one can survive the hot Australian sunshine.**

Elizabeth Langtree's has her life in order – safe, organised, planned. Sure, she has her troubles, but they are nothing she can't handle. Then everything is turned upside down when her family send her to Australia to collect her orphaned nephew.

It all seemed so simple in New York, but Australia is nothing like she expected, and she soon falls under the spell of the Outback – the station, the lifestyle, and the seriously sexy owner who has been caring for Luke since the death of his mother.

Elizabeth soon discovers that what seemed simple a world away is anything but, and her duty is at odds with the dictates of her heart. She must choose, knowing that a mistake will not only cost her everything, but destroy the future of a devastated little boy.
