Psychic experiences happen to people. If you think you see ghosts, often search up topics on the paranormal, believe you may see and hear from spirits, or dream about events that come true, you may be opening up to your psychic self. Author Lorraine Roe puts her reporting skills to good use and investigates what to do when dead people see you. This book offers help for the reluctant psychic from the perspective of other more experienced and sometimes reluctant psychics. Lorraine Roe is a former reporter who throws in a dash of humor, some practicality, and a lot of research to assist you when dead people see you. Topics include ghosts, clairvoyance and the other "clairs", psychic kids, support with paranormal experiences, the Ouija Board, and how to protect your own energy. Lorraine went from reporter to psychic overnight, that's how she knows... psychic happens.
