Futures, Study Guide: Fundamental Analysis Jack D. Schwager, Steven C. Turner

The must-have book for all futures traders

In Fundamental Analysis, the legendary Jack D. Schwager has produced the most comprehensive, in-depth book ever written on the use of fundamental analysis for futures trading. In what is destined to become the bible of the futures industry, Schwager has poured out insights gathered during his long career as a trader, researcher, bestselling writer, and highly regarded authority in the field.

This book is packed with invaluable information you'll use every trading day. "Futures guru Jack Schwager has created the definitive source on using fundamental analysis for price forecasting that no trader can afford to be without." -Tom Baldwin Chairman, Baldwin Group

"This book won't make you a great commodities trader instantly, but it will teach you what you must know to start." -Jim Rogers Author, Investment Biker

"Jack Schwager always provides clear and compelling material on the often opaque subject of futures trading." -Richard Dennis President, Dennis Trading Group

"Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have set him apart as the definitive market chronicler of our age." -Ed Seykota

Fundamental Analysis is the first book in the Schwager on Futures series-the definitive source on the futures market for the next century that no trader will want to be without.

Jack Schwager is one of the most important and visible figures in the futures industry today. His Market Wizards and New Market Wizards are two of the bestselling finance titles of all time. Now Schwager has created the most comprehensive guide ever for using fundamental analysis for futures trading. The much-awaited Schwager on Futures series greatly expands and updates material first contained in his A Complete Guide to the Futures Markets, which has been the bible of the industry for the past decade.

In this first volume of the series, Fundamental Analysis, Schwager shows traders how to apply analytical techniques to actual price forecasting and trading in virtually all futures contracts currently traded. In chapter after chapter, Schwager draws on what he has learned during his legendary career as a successful trader, researcher, and bestselling investment author to dispense priceless insights.

Explains how to apply the techniques of technical analysis to fundamental data-information not found elsewhere

- * Shows how regression analysis works and tells how to use it as a tool for price forecasting
- * Includes step-by-step instruction on how to build a forecast model
- * Contains a 13-chapter section illustrating the applications of fundamental techniques to individual markets and market groups
- * Outlines how to analyze seasonal fluctuations, including seasonal price charts of 27 active markets

Numerous charts, tables, and examples illustrate all key concepts, and the text itself is written in the clear,

nontechnical style that has helped make Jack Schwager one of today's most widely read and highly regarded investment writers.
