## **The Holy Spirit, Chi, and the Other** Grace Ji-Sun Kim

For Centuries, tension has existed between the East and West. There appears to be a hierarchy of cultures with the West perceiving the East as inferior, so much so that it is referred to simply as "the Other." Because today's world is globally interdependent, inter-woven, and integrative, it is pertinent to be open to the cultural, spiritual, and religious understandings of the East. One key concept that links East to the West is Spirit, a basic religious dictum in many world religions. This book examines the striking resemblance between the Eastern concept of Chi and the Western Christian understanding of the Holy Spirit and opens the door for greater communication and dialogue about the Other. As Christianity seeks to renew its role and purpose in North America, this new pneumatology will help strengthen and help build the Reign of God as it embraces, welcomes, and accepts the Other.
