**devil: close circuit** stephanie curry

Since this is a logically valid syllogism, the atheist, in order to maintain his non-belief in God, must reject at least one of the two Premises. By “objective” morality we mean a system of ethics which universally pertains irrespective of the opinions or tastes of human persons: for example, the holocaust was morally wrong irrespective of what Hitler and the Nazis believed about it, and it would have remained morally wrong even if the Nazis had won World War II and compelled everyone into compliance with their values. This view, known in philosophy as “moral realism,” contrasts with “moral relativism” which maintains that no-one is objectively correct or incorrect with respect to their moral values and judgements. - See more at: <http://www.allaboutphilosophy.org/moral-argument.htm#sthash.StVLKH23.dpuf>.stephanie curry
