ENVIRONMENTAL SCIENCE, 11th Edition, boasts an unparalleled coverage of sustainability, basic science, and bias-free comparisons, within a flexible chapter organization and supported by the strongest media tools and illustration program available. New media to this edition includes: "How Would You Vote?" found at <http://biology.brookscole.com/miller11>. This is an application of 68 provocative environmental issues covered in the text. Students investigate the issues in a structured manner, and then cast their votes on the Web where the results are tallied; Environmental ScienceNow, a learning tool that helps students assess their study needs through pretests, post-test, personalized learning plans and "How Do I Prepare," which aides students in basic math, chemistry and graphing review; and InfoTrac College Edition, a library of full text articles; PowerLecture for Miller's Environmental Science, 11th Edition. This one-stop PowerPoint Tool contains robust, preloaded PowerPoint lecture images organized by every chapter. PowerLecture contains: animations that bring key topics and concepts to life; a slide-sorting view for each chapter that lets you select, copy and paste slides into your PowerPoint lecture; the ability to select a piece of a figure and enlarge it; labels in text boxes that you can edit, remove, or present one label at a time; quick access to animations and videos--if a PowerPoint slide contains a green button, just click on it to show a related animation; Instructor's Manual and associated chapter outlines; and Test Bank--a complete electronic file of test items.
