OPEC: Twenty Years and Beyond: Volume 2 (Routledge Library Editions: The Economics and Politics of Oil and Gas)

Addressing the major issues arising from the power ascribed to the Organization of the Petroleum Exporting Countries (OPEC), this book reflects the breadth, expertise and multifaceted viewpoints of the contributors: members of OPEC itself, industry representatives, and scholars and energy specialists from the USA, Europe and the Middle East. Throughout the book, the authors look at the potential of OPEC, discernible trends in such crucial areas as global petroleum supply and pricing, and the international economic and political implications of both.
