From the author of the #1 bestselling romance, Jake Undone, comes a friends-to-lovers story of longing, passion, betrayal and redemption... Skylar was my best friend, but I secretly pined for her. One thing after another kept us apart, and I've spent the last decade in fear of losing her forever. First, it was the cancer, but she survived only to face the unthinkable at my hands. Because of me, she left town. For years, I thought I'd never see her again. But now she's back...and living with him. I don't deserve her after everything I've put her through, but I can't live without her. This is my last chance because she's about to make the biggest mistake of her life. I can see it in her eyes: she doesn't love him. She still loves me...which is why I have to stop her before it's too late. My Skylar is a STANDALONE story and a companion to the novel, Jake Undone. This book is recommended for readers over the age of 18 due to strong language and explicit sexual content.
