The SAGE Handbook of Geographical Knowledge (Sage Handbooks)

The SAGE Handbook of Geographical Knowledge is a critical inquiry into how Geography as a field of knowledge has been produced, re-produced, and re-imagined. It comprises three sections on Geographical Orientations, Geography's Venues, and Critical Geographical Concepts and Controversies. The first provides an overview of the genealogy of 'geography.' The second highlights the types of spatial settings and locations in which geographical knowledge has been produced. The third focuses on venues of primary importance in the historical geography of geographical thought.
