The Beatles: Photographs from the Set of Help! Emilio Lari, Alastair Gordon

An extraordinary collection of mostly unseen photographs of the Beatles during the making of *Help!*.

Published to coincide with the fiftieth anniversary of the release of the Beatles' second motion picture, *Help!*, this almost entirely unpublished collection of photographs marks a pivotal turning point in the band's history, as they evolved from much-loved musicians into the most important group of all time.

The Beatles' first movie filmed in color, *Help!* is a madcap adventure featuring cinematography and film sequences widely considered to be hugely influential to the modern performance-style music videos of today. Specialist set photographer Emilio Lari was invited by director Richard Lester to shoot stills of the production at Twickenham Studios and document behind-the-scenes larking about as the band relaxed in their hotel between takes. With an introduction by Lester and intimate, never-before-seen images, *The Beatles: Help!* provides new and fascinating insights into the band that changed the history of music and the world.
