President Jackson relaxes with his generals, laying out plans to defeat the Union Army. Quietly serving these men their meal and coffee is a freed slave, whom they utterly ignore, assuming she is so completely incapable, she poses no possible threat. Little could they comprehend, she is a brilliant, educated woman with a photographic memory, who will soon report all she heard to her Union informants. Nearly a hundred years later a beautiful spy tricks a Gestapo guard into walking away from a discovered safe-cracking operation, because she strips down and feigns love making with her co-conspirator. She saved many lives with her "pillow talk" skills, saying, "Wars are not won by respectable methods."

Meet these incredible women and 10 more like them in Female Spies, true life stories of the boldness, bravado, and betrayal by women who spied for their country and cause. Some were welcomed home as heroines, some had to go into hiding, and some paid the ultimate price. They will leave you filled with awe of the bravery they were able to display in the face of unimaginable peril, even torture and certain execution.
