Journey of A Spiritual Warrior: Awaken the Warrior Gary Robert Musselwhite Phd

Gary Musselwhite was diagnosed with a progressive neurological condition known as spinal muscular atrophy as a teenager in 1974. The prognosis was that he would progressively lose the use of his legs and eventually require a wheelchair for mobility. In 2004, this became a reality, and the resulting profound weakness, fatigue, and chronic pain culminated in him experiencing his 'dark night of the soul'. Instead of letting his condition destroy his life, Gary made the decision to do whatever it took to heal his body. The universe heard him, and guided him to people, events and places that would aid in his emotional, mental and physical healing. Normally this would be where the story ends, but in 2005 Gary had an experience that would change his worldview in a way he could never have envisaged: a spirit came seeking his attention. In time, he became a lightworker and he has assisted many earthbound souls to the light. This work has led to a close examination of his belief systems and values, and a completely altered worldview. Gary has written this book not just to share his experiences with you, but also to look deep within yourself and to step out of your false and limiting belief systems.
