To help you practice the application of your Reading Comprehension skills, this book is divided into three sections: Section One: Practice Drills The first section of this workbook contains drills which test isolated analytical abilities, designed to reinforce and improve the specific skills necessary to successfully attack the Reading Comprehension section. The set of drills is followed by an answer key explaining each item. Section Two: Individual Passages The second section of this workbook contains ten individual LSAT Reading Comprehension passages. At the end of the section is a comprehensive explanation of each passage, including an expansive breakdown of each passage, a ViewSTAMP analysis, and a complete explanation of every question and answer choice. Section Three: Complete Reading Comprehension Sections The final portion of this workbook features two complete LSAT Reading Comprehension sections, followed by full explanations of each passage and every corresponding question. This section gives you the opportunity to emulate actual testing conditions, allowing you to apply the full range of reading comprehension strategies while also focusing on your pacing under time pressure.
