Hebrew Wars: A Military History of Ancient Israel from Abraham to Judges Cam Rea

Of all that is studied and published concerning the Bible by parishioners, theologians, or intellectuals, the focus on Israel's military history is almost nonexistent. However, there are a handful of books dedicated to the military topic from a secular view, including Chaim Herzog and Mordechai Gichon's Battles of the Bible, T.R. Hobbs A Time for War: A Study of Warfare in the Old Testament, Martin Sicker's The Rise and Fall of the Ancient Israelite States, and Richard A. Gabriel's The Military History of Ancient Israel, just to name a few. What this book will attempt to demonstrate is that if we read between the lines of the Biblical text, we will find convincing answers to some of the harder questions versus what many believe or are skeptical of concerning the wars and battles documented in the Bible. By focusing on the leaders, such as Abraham, Moses, and Joshua, to name a few, and reviewing their politics, strategies, tactics, and weapons, starting with Abraham all the way to the end of the book of Judges, we will be able to separate myth from reality. In doing so, we will discover a rich, painful, and vast military history, of which most are unaware.
