“*Red to Black* has more in common with the elegantly paced books of John le Carré than it does with Ian Fleming’s James Bond novels. But readers who appreciate a healthy dose of real-world worries in their spy novels won’t complain.”

—*Richmond Times-Dispatch*

*Gorky Park* for the Putin era, *Red To Black* by Alex Dryden could have been ripped from recent headlines. At once a spy thriller, a love story, and a chilling look at a dangerously resurgent superpower, it is a masterful work that Stephen Fry calls, “Brilliant and unforgettable....Nothing short of miraculous.” Welcome to the New Russia.
