*The Conflict Paradox* is a guide to taking conflict to a more productive place. Readers will find expert guidance toward getting to the heart of the conflict and will be challenged to adopt a new way to think about the choices disputants face,. They will also be offered practical tools and techniques for more successful intervention. Using stories, experiences, and reflective exercises to bring these concepts to life, the author provides actionable advice for overcoming roadblocks to effective conflict work.

Disputants and interveners alike are often stymied by what appear to be unacceptable alternatives,. *The Conflict Paradox* offers a new way of understanding and working with these so that they become not obstacles but opportunities for helping people move through conflict successfully..
