The Legend of ZERO: The Scientist, the Rat, and the Assassin Sara King

This is what happens when, in the chaos of an alien apocalypse where an all-powerful galactic empire has laid the smackdown on Earth for breaking universal laws on genetic experimentation, the world's smartest human (sort of) swears to obey the galaxy's greatest assassin (definitely) on Wednesdays through Mondays, if she will give him Tuesdays in turn. It is a 85,000-word kinky romantic adventure from the Legend of ZERO series where Rat and Sam struggle to survive the Apocalypse (and each other) before they meet up with Prime Commander Joe Dobbs and the human genetic experiments that he's taken under his wing. One of a series of 8 novels and novellas created to fill the gaps between Books 3 and 4 of the ZERO series, if you're a lover of military sci-fi, space opera, first contact, apocalyptic adventure, or science fiction of any sort, sink your teeth into this one and enjoy!
