They're everywhere: the abusive anti-gay bullies, caustic religious leaders of all denominations, and politicians with bizarre, antisocial, and dangerous views. And, your body is at risk if not your soul. These are people who feel superior, feel you are inferior as a gay person, and believe a strange deranged story called mythomania. This book draws on Dr. Bunch's 30 years experience in clinical practice and authorship of 10 books. This book is a balance between psychological information and mythological parallels that aid understanding. Methods of coping the zombie, werewolf, and vampire apocalypse gays face is clearly presented. Warning: This book contains graphic imagery and information on gay abuse, gay murder around the world, and rape and dismemberment of gays. If you are depressed or sensitive: DO NOT READ THIS book and return it to your bookseller. This information of abuse supports the facts that gays are in danger and need serious survival information.
