This boxed set includes the novels *Glacial Eyes*, *Hollow Eyes*, and *Sanguine Eyes*, as well as the novella's *Frat House of the Dead* and *In My Time of Dying*.

### **Glacial Eyes**

After a weekend party gone very, very wrong, third-year university student Jasmine Bedeau finds herself a "person of interest" to far too many interested parties. She must bring a family-inherited curse—and powerful new abilities—under control or risk the consequences of the supernatural community to which she now belongs. But between the police and the paranormal, the campus and the council, how's a girl to rise to the challenge of just holding onto a normal life? Werewolves, vampires, and witches—and now a serial killer targeting the supernatural, setting his sights on Jasmine and her new-found friends. It's a good thing she's a werecat, because she's not rolling over.

### **Frat House of the Dead**

Rachel Wood has lived a sheltered life. Sure she's a witch, with a talent for technology, but she just doesn't get out much. On Halloween night, that's all going to change when her best friend invites her to a frat party. After someone spikes the punch with an unknown spell, Rachel must devise a magical solution before her and her friends are overwhelmed by... Zombies!

### **Hollow Eyes**

Three months ago, Jasmine learned she'd been born a snow wereleopard. Since then, she's been hunted by a serial killer, started dating a hot dhampyr—who's probably far too old for her—and in general had a crash course in living in a paranormal world. Now she works for the local supernatural council solving problems and running errands, in between university classes.

Just as she starts looking forward to winter break with friends and family—not to mention a little alone time with her boyfriend—a cannibal turns the city's homeless into its all you can eat buffet and it's Jazz's job to stop it. If that wasn't bad enough, now a berserker is dead set on pounding her into paste. To top it all off, her lover is strangely distant and she has an itch that seriously needs to be scratched.

Can she determine whose eating people in her city, resolve a conflict that's almost as old as she is, and figure out what's happened to her and Logan's relationship, all before Christmas?

### **In My Time of Dying**

David has a problem: Angel's pregnant with his twin daughters and he can't be there for her. He's a ghost. Unable to move on, he must come to terms with the circumstances of his death or be stuck forever. But how can he do that and protect the love of his life?

Angel has a problem: She lost the love of her life and she doesn't know how she'll go on. Having moved to a new apartment, she finds it hard to sleep and worries for the health of her unborn daughters. Is she disturbed

by memories of love lost, or as her friends have warned her, is it a malevolent spirit haunting her

### Sanguine Eyes

The streets of Salt Lake City have been flooded with a mystical drug called Sanguine. Terribly addictive, it grants the user nearly unstoppable strength and speed, but as bad as it is, the real threat is the gang that's pushing it. A pack of werewolves has invaded Jazz's territory and started killing off the competition. Could they be responsible for all the missing vampires?

As the resident supernatural trouble shooter, Jasmine has built quite an impressive résumé. She's faced serial killers, berserkers, *wendigo, and even zombies, but has any of that prepared her for the monster that currently threatens her city? Even with the help of her friends and a mysterious new ally, will Jazz have the strength to stop the Loup Garou* and find out what's happened to the local undead?
