While searching for a home to buy, Cindy and her family settled for the house on the hill. It wasn't long before Cindy was aware there was something other than her family in the house. It started with small occurrences that eventually turned into a nightmare. Every night at midnight, she would awake by being hit by something she could not see. No one was there yet her eyes would be fixed on the wall. Later when things began to materialize, she realized, the wall was an entrance to hell.
