Garry Kasparov is a fighter, both in chess and in life. The 13th World Champion regards his playing style as 'a symbiosis of the styles of Alekhine, Tal and Fischer'. Kasparov was known for his deep opening analysis, but also for his positional understanding and combinatory play. Do you want to adopt Kasparov-like thought processes in your own games? Try this tactics training book and play the same winning moves as the former World Champion did in his games! One hundred training exercises are offered, in positions where Kasparov turned the game in his favour. The puzzles start at a moderate level and gradually get more difficult. Don't give up!
